DETAILED ACTION

Allowable Subject Matter

Claims 1,9 & 17 are allowed.

The following is an examiner's statement of reasons for allowance:

With respect to claims 1 & 9, these claims are allowable because, even though prior art does teach all of the other material in the claims, prior art does not teach that the attachment end and the central portion of the metal ground strap are substantially parallel to each other.

With respect to claim 17, this claim is allowable because, even though prior art does teach all of the other material in the claims, prior art does not teach an airguide that directs air from the impeller to the plastic housing, wherein the bearing retained further fastens the airguide to the plastic housing.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Erik D. Preston whose telephone number is 571-272-8393. The examiner can normally be reached on Monday through Friday 8-5.
